Policies and Procedures:

- Attendance is crucial. Attendance is taken at the beginning, middle, and end of program. If your child cannot stay until the end of program and will be frequently taken out early, then it is best that their spot be given to another student. If you have a special circumstance, please meet with site coordinator to discuss options.
- Students are required to be in uniform at all times.
- Bus transportation will be provided after program for students who regularly use this form of transportation.
- If you or another person will be picking up your child(ren), please provide an ID to the staff. Only persons that you have included on paperwork will be allowed to pick up your children. If you need to add someone to the list please come in person to make the necessary changes. This is for the safety of all students.
- Program ends at 5:45 pm. If you will be picking up your child, please be on time. We understand that on occasion emergencies arise, however, please call to notify.
- Please update all contact information. It is important that we are able to contact you in case of an emergency.
- Students are expected to follow their school's code of conduct. Frequent disruptions may result in removal from program. All staff will follow an appropriate behavior intervention plan.
